

Hi Margaret

After much consideration, the Fit to Drive Foundation have made the hard decision not to proceed with the Arthurs Seat Challenge this year, as it is not financially viable to do so, in either the live or virtual format.

We are extremely disappointed and hope to be able to bring this event back to our community in the future.

As you know, the funds normally raised by the Challenge allow the Fit To Drive road safety program to be delivered to our local secondary schools at no cost. While this year's Challenge is not proceeding, we welcome any kind donations made direct to the Fit to Drive Foundation (please contact the Foundation via admin@fittodrive.org.au), and the proceeds will contribute to the running of Fit To Drive workshops.

All the best.

Paula Creek
