

Vocation

**National Youth Science Forum 2024**

Our Club has received an application from a Year 11 student to attend the NYSF in January 2024. Procedures are currently being put in place to assist this nomination. It is hoped we may have one or two students apply in the hope they will also be attendees.

**Caroline Chisholm Education Foundation (Leon Riley Scholarship)**

Please note that two thank you letters are published in this Bulletin edition in recognition of our donation of \$9000 to Chisholm. Our support is of immeasurable value and, as we have witnessed, life changing for many.
