Dear Friend of Interplast,

I want to say a heartfelt thanks for your generous support to the families you are helping in the Asia Pacific region.

Your generosity has already had an incredible life-changing impact on the lives of children and adults this year who have received long-awaited surgeries.

Your gifts are being put to use right now as one of our volunteer surgical teams prepares to set off to Bhutan.

We truly could not achieve any of it without your help.

I wanted to share with you how your support has helped change the life of a young child named Moceiwai and his family. Moceiwai was born with a cleft lip and palate, which had a significant impact on his ability to feed and thrive.

Moceiwai's mother, Loata, was heartbroken by her baby's condition and struggled to find the treatment they desperately needed. It was taking a toll on their entire family.

Thanks to committed supporters like you, on our program to Fiji in November, our volunteer surgical team was able to perform surgery on Moceiwai. When Interplast's team came to Labasa Hospital, Moceiwai and his family were given hope for the first time.

changing surgery. The procedure took approximately four hours and was a success.

I can only imagine the relief and joy that Moceiwai's family felt when they saw their precious baby after the surgery, and it was all because of your support.

In many countries in the Asia Pacific region, access to specialist care is limited, and conditions like Moceiwai's are often left untreated. But thanks to you, we can mobilise a specialist surgical and healthcare team so they can get the life-changing surgery they need.

Moceiwai's journey is not over yet, and the next step is his cleft palate operation. Without this surgery, he will continue to face challenges with speech, eating, and overall health. However, with your support, we can ensure that Moceiwai gets the care and treatment he needs to thrive.

It's only with your support that we can continue to change lives like Moceiwai's. I want to thank you from the bottom of my heart for your generosity and kindness.

Your support means the world to us at Interplast and the families we help.

With heartfelt thanks,

Cameron Glover
Chief Executive Officer

P.S. Thank you for your generous support to the families waiting for life-changing surgery in the Asia Pacific region. It's because of you that we
